TRUEresult
twist

a *Small* revolution
for accurate convenient testing for people on-the-go

Easy to Use – Just Twist on and Test Fast

- Just twist the **TRUE**result twist on to top of a new vial of strips
- Test with results in as fast as 4 seconds

Convenience Features Provide Competitive Advantages

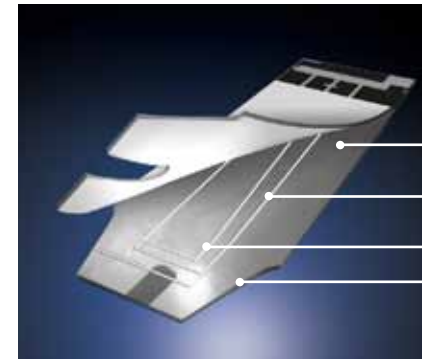

- **No Coding** – eliminates a step that can lead to inaccurate results
- **Results As Fast As 4 Seconds** – means hardly any waiting time
- **Tiny, 0.5 Microlitre Sample Size** – less blood means less painful testing
- **Easy-to-Read Display** – for easy viewing of test results
- **Strip Release Button** – eliminates handling of strips after testing
- **Test Memory** – stores up to 99 tests

TRUEresult Test Strips

state-of-the-art technology ensures accurate results and promotes first-test success

Easy to Use – Just Twist on and Test Fast

- Quad Electrode Laser Accuracy provides enhanced precision and accuracy of test results
- Two fill-detect electrodes ensure adequate blood sample, preventing false starts and erroneous results
- Two electrodes accurately measure the glucose reaction and send signal to sensor
- Innovative TRUEfill beveled tip allows for greater sampling precision

TRUEresult Test Strips are utilized by both TRUEresult and TRUEresult twist Systems, and feature the latest in testing technology
